

# YOUR BLAST MEDIA WAREHOUSE

## GARNET

### About:

**Garnet** is one of the most durable abrasive blast media available anywhere in the world. It has a sharp, angular shape, which affords you the ability to be aggressive for tough surface preparation and applications, yet controllable for your less severe requirements.

The characteristics of our garnet make it the perfect choice of abrasive for recycling when applicable. We offer a full range of sizes, for a wide variety of air blast applications.

### Typical Applications:

**Garnet is suitable for:**

- Blast Cleaning / Profiling Aluminum & Steel Boat Hull / Super Structure Cleaning
- Paint Removal
- WaterJet Machine Cutting
- Restoration Water Filtration
- Grease / Grime Removal
- Industrial maintenance on pipes, tanks, pressure vessels and offshore platforms
- Traction & Non-Skid Agent
