LAPIS DRIED SANDS

About:

Lapis Dried Sands are natural sands, which have been harvested from the beaches of Monterey, California for over 80 years. It is washed, graded, dried and packaged to ensure quality and uniformity. It has been tested and is both California ARB certified and NSF 61 certified. Lapis Dried Sands are preferred over all other manufactured sands, due to low dust content, cutting ability and eco-friendly attributes.

Typical Applications:

Lapis Dried Sands are suitable for:

- Sandblasting concrete, steel and wood surfaces
- Water filtration systems
- Gardens and nurseries
- Aquariums/Terrariums
- Golf courses
- Well Drilling
- Recreational facilities
